

BGMEA/TFC/2026/269

Date: 08 October 2026

To All Honourable Members**Subject: Invitation to Join Open Supply Hub (OS Hub) webinar: Get Your Free OS ID and Claim Your Facility Profile on Open Supply Hub**

This is to inform you that, BGMEA has entered into a partnership with Open Supply Hub (OS Hub), the free, open-data platform that maps garment production facilities worldwide. OS Hub assigns each facility a unique identifier, the OS ID, which international brands, retailers and certification bodies use to identify suppliers and carry out due diligence.

To help BGMEA member factories make the most of this, OS Hub is offering free 30-minute online training sessions in October. The sessions will cover:

- how to get your free OS ID;
- how to claim and complete your facility profile;
- how to keep your information up to date; and
- the value the OS ID brings to your business, including visibility to buyers and less repetitive paperwork.

Each session ends with a live Q&A.
