

Circular No: BGME A/MIS/2026/ 256

Date: 24-Sep-2026

TO ALL MEMBERS OF BGMEA

Subject: Survey on the Impact of Gas and Electricity Supply Disruptions on Garment Factories.

Greetings from BGMEA,

Recent gas and electricity supply disruptions during July, August, and September 2026 have affected the operations of member factories. Consequently, there were production disruptions, delays in shipment, air shipments, order cancellations, payment delays, and other financial and commercial losses. Against this backdrop, BGMEA is conducting this survey to assess the actual impact of recent energy supply disruptions on member factories. The survey seeks to quantify the effects on production, shipment, costs, capacity utilization, and overall business operations.

The findings will enable BGMEA to develop an evidence-based assessment of the industry's challenges, formulate appropriate policy recommendations, and engage with relevant stakeholders and authorities to seek necessary measures.

Submission Deadline. Please complete and submit the survey electronically by 29 September 2026: Link: <https://forms.gle/deosE6hSVvFqFPPP6>

Your response will help BGMEA present the industry's concerns with reliable information.

Thanking you,

 24.09.26

Maj Gen Dr. Md. Shahedul Islam (Retd.)
Secretary General, BGMEA
